

SIMPLE IMPLANTOLOGY

November 27th 2022 | 9am to 4pm

(Breakfast and lunch included) - Fees: 1000 / Hands-on Registration Fees

Dentistry is evolving continuously and so is the science of Dental Implantology. Dental Implant treatment is more common than ever. We must know how to treat these patients that too with ease. This course is designed on the principle of **LEARN-LOOK-LIVE**. This is the best way to learn anything.

Dr. Rahul Kothari

MDS Prosthodontics
Master in Implantology
by DACE, USA

LEARN

Strong Basics

LOOK

Live Demo, to gain practical knowledge

LIVE

HANDS-ON on advanced models, to get the practical experience of the procedure. This will develop the skill in management of an implant patient with confidence

THIS IS A COMPLETE COURSE DESIGNED SPECIFICALLY FOR YOU TO BEGIN YOUR IMPLANTOLOGY JOURNEY

Participants will learn about:

- Important anatomical landmarks
- Case selection
- How to select an implant
- How to perform the surgery
- How to make an impression
- How to fix the prosthesis

This is a very comprehensive and practical course designed, keeping in mind the need of the General Practitioner
